Parish contacts. One of the lessons of the pandemic Fr Allan learned was just how out of date his parish records were for trying to keep in touch with parishioners during the lockdown. It would be great to have some kind of way of making sure people are OK, and to improve communications between parish and parishioners. For example, if we have your email address we could send you this bulletin, even when you are on holiday! The other worry is particularly if someone takes unwell at Mass, how we contact relatives to let them know. The idea is to have your name, address, contact phone & email on a parish database, and an optional emergency contact. Obviously, this information would be kept securely and only ever be used for parish business. If this is something you'd agree to, could email these details to either parish holycross.crosshill@rcag.org.uk or stbrigid@rcag.org.uk Please send your details in. Many thanks to those who already have replied!
